## **RELATIONSHIP IN OURSELVES**

1 Peter 5:6-11NIV

See what you need to **cast**.

See the things that **do not belong** in your life.

See that you are not **alone**.

See the **restoration** that only God can offer.

"It's in our relationship with God that we find true restoration for marriages, for our families, for our community, and for ourselves".

## **Experience Today's Message**

1. What are some things you've learned about yourself through all of the changes this year?
2. What are some things you can do this week to be restored back to the way God created you to be?
3. Based on today's conversation, what is God speaking to you about?
