WORSHIP FULLY

When we fully worship, we no longer focus on what we don't have, we focus on what God has already provided.

SPEND LESS

When we spend less time focused on the wrong things and spend more time on the right things, it makes us more thankful people.

Experiencing Todays Message

What is the hardest part for you going into the holidays this year?

How can you focus more on God this season?

What are a few things you are thankful to God for?

What do you feel like God is speaking to you about today?
